

Tara Miller
Ashe County High School

My name is Tara Miller. I am currently a School Counselor at Ashe County High School. This will be my twelfth year working in education. I love working with children and really enjoy working with high school students as they plan to prepare for their futures after high school. I received my Master's degree in School Counseling from Lenoir- Rhyne University.

I am married, my husband and I have one daughter Taylon who is six years old. I enjoy being with my family, working in my church, singing with my daughter, swimming, and shopping with my friends!

We are truly blessed with wonderful schools and a community that assist our students in so many ways. I am excited about working with the high school students at Ashe County High School in the upcoming year! Go Huskies!!
